- Holiday/Sabbath Mode
- White (WH), Black (BL), or Stainless Steel (SS)

### FreshChill™ Temperature Management System

A system that features a thermostat in the refrigerator to help regulate temperatures and maintain freshness, while an evaporator fan circulates air throughout the refrigerator and freezer.

Pull-Out Freezer Baskets

Two wire baskets glide out when you pull the door open. The baskets are tiered, so you can easily view and organize the freezer – keeping the frequently accessed items on top to reduce bending.
